

# HERE'S the POINT

By SPENCE HELD

Now that the H-bomb can destroy any city, and the potential cobalt bomb conceivably could wipe out civilization as it exists today, is anybody looking forward to the next war?

Lots of people enjoyed the last one, you know World War II, I mean. Hundreds of footloose females hung out in San Diego bars and picked up lonesome sailors and marines. They went on an emotional jag and enjoyed kissing the boys goodbye.

Personally, I doubt that the cold-blooded Soviet hierarchy in the Kremlin is anxious for a war at this time. And I'm sure that President Eisenhower isn't—he knows too much about war to want another one.

This is Old Home Week on the Peninsula. Walter M. Field, of Sun Valley, Calif. (that's right), showed up for the annual reunion of the 3rd and 10th Divisions of the California Naval Militia here.

Field, who says he was the first lifeguard and police officer in Ocean Beach—along about 1912—came down with his wife from the L. A. area to do a little fishing below the border and attend the Naval Militia shindig at Chadwick's Cafe.

Hotfooting it down Point Loma. Monday, I encountered Mike Lustig, who once labored in the San Diego salt mines with me.

Translated, that means we were daily newspaper stiffs. Mike had the good sense to escape long before I did—in fact, he fled clear to Australia while the farthest I got was Point Loma. Anyhow, he's now living on the Point and liking it, apparently.

On Newport Ave. I ran into Bobby Green the other day. He was one of the best baseball players ever produced in the San Diego area; now lives on Niagara St.

Harry H. Kerr, who popped up in the PENINSULA NEWS last week as commander of Ocean Beach Post 433, American Legion—those opposed the proposed Point Loma sewage plant—no doubt is the same guy I worked with at Golden Hill Playground quite a few years ago.

Harry was a Navy veteran, as I remember; a one-time track star who enjoyed making pitch shots at the last green on the Municipal Golf Course.

See where a fella named "Lewis" won the shotput for Arizona against San Diego State. Undoubtedly it was Buddy Lewis, formerly of Point Loma High, who has been a powerful figure in the line for Arizona's football team the last two or three seasons. (Hi, John Hobbs!)

Point Loma 62, La Jolla 42. That was a satisfying track score and confirmed my high opinion of the local boys. Ray Blasingame won three events and Jesse Denny took a pair. Congrats to Coach Ed Thomas.

Col. Thomas D. Drake, U.S.A. ret., of Ocean Beach, believes the proposed San Diego civic auditorium should be located in the Mission Bay area.

He points out that "We should build it for the future"—and therefore the Mission Bay recreational area is a logical site. San Diego had a civic auditorium once . . . it burned on the night of the Firemen's Ball there.

## Adm. Miller To Speak At Sunrise Service

Sponsored by the Kiwanis Club of Point Loma, this is the fourth consecutive year for a citywide Easter Service at the Monument, one of the most beautiful natural sites in the world and considered the world's third most beautiful panoramic vista.

Rear Admiral Miller was ordained in 1912 and appointed acting chaplain in the U. S. Navy in 1921. In 1928, serving at the Naval Station in Guam, he was head of the Department of Education and established the first high school on the island. ## YELLOW DERBY ROLLS ALONG DESPITE WIND

With catches this year running ahead of a comparable period last season, the \$25,000 San Diego Yellowtail Derby appeared to be rolling along under a full head of steam despite that a strong southeast wind popped up just in time to knock some of the edge off the sport last weekend.

A year ago, through April 10, anglers had racked up 1206 yellows and the total catch this season through the same period was just under 1400.

Winner of the top qualifying prize last week was Sal Esquivel, of Los Angeles, with his 26 pound 15 ounce—top fish of the derby at the end of the second week. Other award winners were: Henry Iwata, Coronado, 24-15; L. C. McCann, Los Angeles, 24-8; Howard Davidson, San Diego, 23-14, and Carl Copher, San Diego, 23-6.

Highlights of the week included the taking of another limit of 10 yellows by Bob Ashley, Long Beach, and the bagging of an 11 pound 8 ounce silver salmon by Ray Raebel, of Los Angeles, who hauled the fish out of a school of feeding yellows at North Coronado Island.

Ocean Beach-Point Loma anglers who qualified fish during the week included the following: C. J. Pappert, 19-6; J. L. Upton, 19-4; Ray Briggs, 22-0; W. L. Howard, 19-13.

## Entire Sewer Project Hit As 'Inequitable'

The Point Loma-Ocean Beach Realty Association took action Tuesday night against the proposed sewage treatment plant on Point Loma. Its resolution, adopted with only one dissenting vote, also declared the entire 16-million-dollar sewer bond project "is inequitable in the distribution of financing, provides a serious threat to the beaches and the economy of San Diego, and will deteriorate the value of Point Loma and Ocean Beach property."

Col. Thomas D. Drake, U.S.A. ret., designated by the Realty Association to draw up its formal resolution, reported that 26 of the 28 real estate offices were represented at the meeting.

Meanwhile, Mrs. Leaton H. Boggess, of 3661 Dupont St., said she had obtained from the City Manager's Office a copy of the sewer bond proposition as it will appear on the ballot June 8.

"This doesn't mention that the sewage plant would be located on Point Loma," she said. "I feel this is misleading."

The Metropolitan San Diego Sewer Bond Committee announced that "bathing beaches never will be touched by pollution" from the proposed plant.

The Point Loma site was recommended by a board of engineers headed by A. M. Rawn, of Los Angeles. One of that city's newspapers, describing Rawn as county sanitation engineer, reported the "implication" that Los Angeles County sewage discharge "is polluting water and seriously threatening marine life."

### CITY PLAN HIT

Col. Drake reported the Realty Association's resolution of opposition declares that the City's "Core Plan A-1 calls for expenditure by property owners of the City of San Diego of the entire \$16,000,000 bond issue, although benefits to the city are only \$5,490,000. Benefits to the remainder of the county, including the Tijuana Valley, are \$10,490,000.

"1—Why should property owners of the City of San Diego bear the entire cost?

"2—Why shouldn't the County of San Diego, Tijuana, Mex., and the U. S. Government bear the two-thirds cost for the benefits they would receive?"

"The Realty Association of Point Loma-Ocean Beach, Inc., requests voters of San Diego to carefully consider this on its merits and demand the County and City jointly locate the sewage works, either by enlarging and making free of odors its present plant, or locate it inland where it will not be obnoxious to the public or to property values."

Meanwhile, Chester L. Dorman, a co-chairman of the Metropolitan San Diego Sewer Bond Committee, said "it would be a serious blow to San Diego if a misunderstanding were responsible for blocking an improvement which is so essential to the city's welfare."

The board of engineers which recommended the ocean outfall method of disposing of sewage one mile and one-half offshore submitted its studies to the San Diego County Sewerage Committee for checking.

That committee, according to Dorman, was composed of about 15 local technical men, including the former heads of the engineering schools at Illinois University and Texas A. & M., as well as men from Scripps Institution of Oceanography and the Navy Electronics Laboratory. Their unanimous report was:

"Oceanic disposal of primary treated sewage is possible without polluting beaches, even under adverse oceanographic condition."

### L. A. ANGLE CITED

Ray Perine, service officer of Ocean Beach Post 433, American Legion, which has voted opposition to the proposed sewage plant on Point Loma, cited an article in the Los Angeles Mirror of April 9.

This stated that a Los Angeles citizens committee has been asked by Mayor Poulson to decide between two plans for expansion of that city's sewage disposal system.

"One, submitted by County Sanitation Engineer A. M. Rawn, proposes the city and county join in expanding county facilities to handle city sewage," the Mirror stated. "The second, by City Engineer Lloyd Aldrich, proposes the city finance its own expansion plan."

"Adm. Cushing Phillips, Board of Public Works president, takes no stand on the controversy, but warns that State authorities should be asked how they feel about an additional 175,000 gallons of sewage being poured daily into the ocean from the district or county facilities."

"Implication is that present county discharge is polluting water and seriously threatening marine life."

## Fluoridation Benefits Described To Rotary

Dr. Albert L. Anderson, guest speaker for the Point Loma Rotary Club this week, told the group there are now 936 communities in the United States and Puerto Rico that are fluoridating their water supply.

Dr. Anderson, who is chairman of the Citizens' Committee for Children's Dental Health, gave the new figures at a luncheon meeting at the Kona Kai Club. He told the Rotarians that close to 17,000,000 persons are drinking fluoridated water in those communities.

Dr. Anderson said, "Wherever fluoridation has been given a long enough trial it has proved extremely beneficial in curbing

tooth decay among children. After four and a half years of fluoridation in Brantford, Ontario, six-year-olds had 56 per cent less tooth decay. And the drop amounted to 78 per cent in four years at Newburgh, N.Y."

"Reduction in tooth decay among older age groups also decreased," Dr. Anderson said. "And it will drop further among the older age groups as fluoridation is retained for a longer period of time."

San Diego's water supply has been fluoridated for 17 months. A proposition to discontinue fluoridation here will come up for a vote on the June 8 primary ballot.

## Children's Art To Be Sunset View PTA Meeting Topic Mon.

Three suns in the sky and blue trees may appear when your little Johnnie sets paint brush to paper—but don't belittle it! That's art, modern educators agree. Miss Margaret Erdt, city schools are supervisor, will explain some of the ways in which emotional release and personal growth take place through art expression when she speaks before the Sunset View School Parent-Teacher Association Monday, April 19, at 8 p.m. Her topic will be "Every Child's an Artist". ## Peanut Sale To End This Weekend

The Camp Fire Girls county-wide peanut sale winds up this week end. Reports coming into headquarters indicate that the goal of 100,000 cans sold is in sight; however, the girls are doubling their efforts in the final day of the sale to assure achievement of the goal.

"If we can sell the 100,000 cans of peanuts, we will raise sufficient funds to make the necessary improvements to the Camp Fire Girls summer camp in Cuyamaca Mountains," said Miss Rosemary Waters, executive director of the Camp Fire Girls Council in San Diego County. Miss Waters explained that a well at the camp must be completed and the swimming pool repaired before the camp will open. Also, the lodge at the camp site needs improvements before it can adequately serve the more than 1000 girls expected to attend the camp during summer, she said.

A salad-bridge luncheon, sponsored by the Women's Auxiliary of All Souls' Episcopal Church, will be given Thursday, May 20, at 12:30 in the church Parish Hall, 1475 Catalina Blvd. Donations will be one dollar.

Ocean Beach Kiwani-Annes will be shown a colored sound film, "The Golden Land" at their meeting of Tuesday evening 6:30, at the O. B. Woman's Club-house. Depicting the 400 years of San Diego history, the film will be presented by Robert L. Nottley of the Business Relations Dept. of the Land Title Insurance Co., announces Mrs. Nellie Murphy, program chairman for March. Jim Elgo, well-known in Little Theatre circles, was the director at the making of this educational, as well as historical film, she says.

The Land Title Co., producers of the film, reports the production so interesting and informative that it has been swamped with requests for showings at club and other group meetings in San Diego.

## O. B. Woman Club Plans Activities

By MARIAN KRETTLER

Mrs. Frank Wherry, many time holder of important offices in Federated Clubs, was guest speaker at Thursday's session of the local woman's club. Her subject was "We Are Better Than We Think", and she accented the need for better schools and the fine facilities at hand for adult education. Exceptional children, said Mrs. Wherry, are no longer handicapped through keeping in step with less gifted ones, but are given the opportunity of forging ahead through outstanding abilities.

There is still time to sign up for that trip to the Ramona Pageant at Hemet, on May first. The fee is six dollars, and reservations can be secured through Mrs. Fred Thompson, Ways and Means chairman. Phone BE-2-2540.

An open house and tea will be on the docket for April 25, and interested Ocean Beachers are bid to come to the newly beautified clubhouse and see what the committee in charge has accomplished. A hearty welcome and invitation to fellowship is insured, and most pleasant afternoon.

Well, it cost money to do over the club at 2160 Bacon street, and for a small contribution, the public is invited to a fashion show and dessert bridge May 18 at noon. A very fine way for newcomers to this area to become acquainted, so, together with the members, strangers to Ocean Beach are especially welcome. Cards will follow, and you can choose your own game, from canasta to bridge. Of course, there will be door prizes.

Winners of the finals will be crowned Queen of the Exposition June 25th. She will receive \$150 and will be a guest, with her chaperon, at the Hotel Del Mar during the county fair. Later she will be flown to Sacramento to compete in a contest sponsored by the California State Fair Association. Applicants for this contest may secure entry blanks from Mrs. David Curtis, 1402

Federal Excise Tax cut means...  
**Long distance calls cost even less now!**  
Even greater value from your telephone! That's the good news in the Congressional Bill reducing Federal Excise Taxes on April 1. The tax on long distance service was cut from 25% to 10%. And it means quite a saving. If you have a long distance bill of, say, \$10.00 a month, on which you used to pay a tax of \$2.50, you'll save \$1.50 under the new tax rate. Taxes on your local service have been cut, too—from 15% to 10%. And, of course, every penny of the Federal Excise Tax reduction goes directly to you. Pacific Telephone.

An early April wedding of note here, took place in the Westminster Presbyterian Church, Olympia, Washington.

#### Something Old

The bride was given in marriage by her father. She chose a lovely creation of waltz length white lace over satin and organza accented by a scalloped neckline and skirt. Her nylon tulle finger tip veil was caught by a lace cap. She carried a white rose bouquet, her mother's Bible "1908" and Mrs. MacBeth's handkerchief she carried when she was married.

#### Spring Blossoms

The bride's sister, Marion Beckenhauer of Olympia, served as matron of honor and was gownned in a ballerina fashion of white organza over aqua taffeta and carried pink carnations and hyacinths. ## Community Center Event Draws Throng

The SRO (Standing Room Only) was in order Saturday night at the Ocean Beach Community Center, when in celebration of the Center's seventh birthday, a variety show was held. By the attendance, the large recreation hall was full, Ocean Beach residents must enjoy this type of entertainment. The directors of the Center, Jack Dawson, Willie May Swift and Don Donnelly may well be proud of the entire day's activities climaxed by the show.

Richard Castoro opened the show with the reading of "I Am An American" for the American Legion Post No. 433. Margaret Adkins presided in the stage program announcements.

One of the first numbers, "Wedding of the Painted Doll," given by the Ocean Beach Tap Dance Classes and presented by the Recreation Department was under the direction of Miss Patsy Doll. This was accompanied by Miss Marion Andrews.

All attending were enthusiastic in their praises for the many acts presented. Ray Perine and Everett Davis were co-chairmen.

## St. Peter's Lists Special Services

St. Peter's By The Sea Lutheran Church will hold special services for the remainder of Holy Week and Easter as follows.

Thursday evening, April 15 commemorates the date when Jesus Christ commended the Holy Communion to Christians and this Sacrament will be administered.

Friday evening, April 16 there will be a children's service of Candlelighting with the events leading to the Crucifixion of Christ portrayed on filmstrip. The service begins at 7 o'clock; closed at 7:45. All children of the Community and their parents are welcome at this service.

Easter Sunday highlights the Christian year with two identical worship services at 9:30 and 11 o'clock with both the Chapel Choir and Youth Choir under the direction of Dr. Morrow F. Stough, participating.

At the 9:30 service the following people will be received as members of the church: Mr. and Mrs. D. C. Johnson, LCDR and Mrs. A. L. Battison Jr., Mr. and Mrs. R. K. Walter, Mr. Allen Royer, Mr. Dooley Severson, Mrs. Celia Severson and Mr. Harry C. Pund Jr.

A new public address system will be dedicated at the 9:30 service, and available immediately for those who cannot be accommodated in the church proper.

Sunday School on Easter Day will be at 8:30 a.m. rather than the usual 9:30.

## "INFORMATION POLICE"

Lt. Walter Scott, head of the Police Crime Laboratory, will "sign in" on Information Police this Saturday, April 17.

Topics to be covered include handwriting identification, recognition, and imitation of signatures.

Examples of handwriting evidence presented in court will be shown including a review of the evidence that was connected with the famous Lindbergh Kidnapping Case.

Actual specimens of handwriting which have been received from the public over a period of years will be shown on the program and an opportunity presented for those who recognize their handwriting to win prizes.

## Deadline Nears For Tax Payment

The dead-line for payment of the second installment of 1953-54 real estate taxes will be Tuesday, April 20, at 5:00 p.m. All taxpayers who have not paid the taxes on their real estate holdings are urged by Tax Collector Raymond B. Talbot not to wait until the last day to come to the Civic Center to personally pay the taxes or to mail in their payments.

The last few days' crowds make it a physical strain to stand in line at the Tax Office Tellers' windows, so use of the mail is advised. Particular attention is called to the fact that mail payments must show postmark at point of origin no later than 5:00 p.m. of April 20 to avoid penalty and costs. This is the same hour as is observed at the Tax Collector's office for those paying at Tellers' windows. It is urged that mail tax remittances be deposited in the mail boxes or post offices in plenty of time to insure postmark being no later than 5:00 p.m. of April 20.

Veterans are requested to examine their bills to see if a small tax is due, because some special assessments are not covered by veteran's examination. Such tax would incur penalty and costs and subject the property to sale to the state, the same as other taxes, if unpaid.

There are 21 such services throughout the city. This particular service will be for the residents of the entire Peninsula Area.

## Women's Post 451 Honor M.J. Black

As the elected Vice-Commander for Women Legionnaires, Miss Black has visited groups throughout the State and coordinated programs of particular interest to women veterans.

San Diego Women's Post No. 451 served as hostess at the luncheon and their Commander, Mrs. Margaret B. Day, was chairman.

## Europe's Culture To Be AAUW Talk

"Cultural Highlights of Europe" will be the subject of a talk by Mrs. Myrtle Workman at a meeting of the Point Loma Section of the American Association of University Women at 7:45, Monday evening, April 19, in the home of Mrs. Ronald Ross, 3121 Dumas St.

A retired teacher, Mrs. Workman was sent to Europe in 1951 by the San Diego School Board to study postwar food conditions. Also an amateur photographer, she had several pictures chosen to be in the Southwestern International Photographers' Exhibit in both 1952 and 53.

Members of the group are asked to note the change from Friday to Monday evening for this meeting. Husbands are invited.

Mrs. Waldo B. Lyon, chairman of the refreshment committee, will be assisted by Mrs. Howard L. Scantlin and Miss Janet Gordon.

## RUTH KEARN RECEIVES PROMOTION LOCALLY

## Haverkamp Seeks Tax Collector Job

Roy Haverkamp, chief deputy county treasurer, has resigned that position to become a candidate for the non-partisan office of county tax collector, from which the incumbent, Raymond Talbot, will retire Jan. 1.

Haverkamp was appointed to the second highest post in the treasurer's office in January, 1950. Before entering public service he was a deputy collector of Internal Revenue four years, and for a similar period headed a public accountant agency. His entire professional career of 27 years has been in the accounting and financial fields.

"I am asking the support of voters on the basis of my background in financial and accounting matters, and my experience in responsible positions with the County and Federal Governments."

Haverkamp is active in civic affairs, fraternal and service organizations, and is financial advisor for the Girls Club of San Diego. A native of Cincinnati, O., he came to San Diego County in 1926. ## Citizenship Class Open In Pt. Loma

Many people do not realize that to obtain citizenship they must pass oral examinations on the government, history and geography of the United States.

After living five years in this country, the last six months of which were in California, aliens living here may make an application for naturalization. Some time after this application is filed, they are called upon for examination. This examination must be successfully passed before the oath of citizenship is given.

The best way to prepare for citizenship examinations is to attend free evening classes offered by the San Diego Department of Adult Education. These classes are conducted in the peninsula area Tuesday and Thursday evenings from 7:00 to 9:30 p.m. at Cabrillo School, Talbot street near Rosecrans.

## DID YOU KNOW?

Opposition to the proposed world calendar being promoted by the World Calendar Association was voiced today by members of the Ocean Beach Seventh-day Adventist Church.

A resolution expressing unanimous disapproval of the world calendar which the Economic and Social Council of the United Nations will study in July, was voted by the sixty-six members of the church, according to Pastor Philip B. Knoche.

Pastor Knoche called on members of his congregation to send appeals to Henry Cabot Lodge, Jr., United States representative at the United Nations, urging that this country withhold its consent to adoption of the calendar by the UN. Appeals will also be sent to John Foster Dulles and President Eisenhower, Pastor Knoche stated.

The Adventist pastor pointed out that the proposed world calendar if adopted would "destroy the true meaning of Sabbath observance by causing sacred days to come on different days of the week each year."

"This would cause great confusion and work a hardship on all people who observe a sacred day in commemoration of either Creation or the Resurrection," he explained.

According to the world calendar, people who worship on Sunday under the present calendar would be worshipping on Saturday in 1957 under the world calendar. Thousands of others who observe their Sabbath on Saturday under the present calendar would have their holy day changed to Friday under the new calendar in 1957. The days of worship would come on still a different day each succeeding year.

The public is cordially invited to join them in the eleven o'clock services each Saturday morning held in the sanctuary of the beautiful Pt. Loma Methodist church corner of Sunset Cliffs and Saratoga.

## Adult Education Classes Opened

Of special interest is the Cake Decorating class which starts the fourth of the popular series of eight sessions. The course is offered by Mrs. Catherine Shannon, on Thursdays 6:45 to 9:45. Students are trained in decorating cakes for special occasions such as birthdays, weddings, anniversaries, etc. The tuition fee is \$2.00.
